

Experience Letter

Company: **GÉMTECH LTD.**

Address: 1. Ipartelep Street, Napkor (Hungary)

Tax number: 11696096-2-15

Company registration number: 1509075272

Name: **M Cakra Putra Prakarsa**

Birth details: Palembang, 1997.06.06

Mother's name: Deisy Dita Kencana

This letter is to certify that **M Cakra Putra Prakarsa** is working full-time in our organization as a **Fitter** from **22.11.2021** with a fixed-term employment contract until **22.11.2023** (2 years).

A fitters most important tasks and responsibilities are:

- Preparation of materials, auxiliary materials, prefabricated elements, machines, tools, measuring devices, gripping, and clamping devices, protective equipment necessary for the performance of the work task.
- Accurate use of measuring instruments and tools, carrying out basic engineering measurements, shape, and position accuracy measurements with traditional measuring instruments and digital technology.
- Preparation of sheet metal for cutting and conversion.
- Sketching the elements of iron and metal structures, cutting plates, assembling the cut materials, making general quality welded joints.
- Marking the location of holes and openings, making them.
- Based on drawings, independent, precise work, assembly of structural units.

In the past year Cakra performed preparatory work and assembling independently. Based on technical drawings he can measure, drill and thread very well. He can assemble parts, structures, and machine elements by himself.

Cakra is a very independent worker, and knows what to do without being asked, but he is also a good team-player, he can cooperate with the co-workers easily and efficiently.

He is always ready to face new challenges, and to learn new skills and he can adapt them very quickly. Cakra proved to be a diligent and intelligent person, who can easily interpret technical information. He is able to provide useful technical advice when needed.

We have noticed significant development in his skills in the past year, and we believe he will continue progressing in his career.

If you have any further questions, feel free to contact HR at the contact details above.

Napkor, 01.12.2022

András Papp
Head of Steel Construction Department
